February Georgia Heart Month For 1955

Governor Griffin has proclaimed February as Georgia Heart Month in recognition of the fact that diseases of the heart are one of the most serious health problems in Georgia and throughout the nation. Noting that heart disease is responsible for nearly 50 percent of all deaths in Georgia, the Governor, in his Proclamation, points out that heart disease is a preventable disease and that it constitutes a leading cause of disability and death.

The Proclamation calls attention to the fact that "Our greatest hope for successfully combating these diseases lies in the maintenance of continuing programs of medical research." In this connection the Governor's Proclamation states that "The Georgia Heart Association is supporting an outstanding heart research program including Chairs and Laboratories of Cardiovascular Research in each of the State's medical schools and is taking the lead in developing a heart disease control program for Georgia which insures competent care and constantly improving facilities for our citizens."

In view of these facts Governor Griffin urged "all citizens of the State to acquaint themselves with the programs and aims of the Georgia Heart Association, and to support its program to the best of their ability."

The February Heart Drive supports the Heart Association's program of research, education, and community service.

Mr. Walter M. Mitchell and Mrs. Charles S. Mott, of Atlanta, are Georgia Heart Drive Chairmen directing the 1955 campaign to continue the Heart Program for the coming fiscal year. General Mark Clark is serving for the second consecutive year as National Campaign Chairman.

Farmers' Increased Power

Farm tractors at work today on American farms total some 4% million, with an average rating of about 27 horsepower. This American farmers have about 120 million horsepower at their disposal.

Such a picture of ever increasing mechanization and productivity in rural areas has been presented by R. P. Boyner of International Harvester. "Since one man generally works at the rate of about one-eighth horsepower," he said, "this 120 million horsepower represents the power of an army of approximately one billion men."

The American farmers have been decreasing in numbers but are rapidly increasing the total power at their disposal. Therefore, the American farmer becomes a man of increasing importance. In 1950, farm population represented about 35 percent of the total, while by 1952 the percentage had dropped to 15.9 of the total. We know that little acreage can be added to or reclaimed from our farmland resources. And so the smaller number of farmers, with extra power and skill, must make the best of what is now available.

PROCLAMATION Designating the Week of February 7 through 13 CHILDREN'S DENTAL HEALTH WEEK

Whereas, dental disease, particularly tooth decay, is one of the most prevalent diseases of childhood; and

Whereas, untimely dental damage to children and general health may develop from this disease unless preventive measures are emphasized;

Now, therefore, I, Wm. A. Bowen, Mayor of Statesboro, do hereby proclaim the week of February 7 through 13 as Children's Dental Health Week in Statesboro, and urge all parents, youth, and civic organizations to cooperate in this observance.

In Witness Whereof, I have hereunto set my hand and caused the seal of the City of Statesboro to be affixed, this 20th day of March, 1955.

Wm. A. Bowen.

The Policeman Knows

(By Bill Beacham)

He knows all our sorrows, He knows all our joys, He knows all the girls who are leaving the boys.

He knows all our troubles, He knows all our strife, He knows every man who ducks his head under the law.

If the policeman told all he knows, He would turn our friends into bitter foes.

He would turn our friends into bitter foes, He would turn our friends into bitter foes, He would turn our friends into bitter foes.

He would turn our friends into bitter foes, He would turn our friends into bitter foes, He would turn our friends into bitter foes.

ANNUAL AWARD FOR BEST PAPER

Georgia Heart Association

To Present \$100.00 Prize;

June 1st Is Deadline

The Georgia Heart Association will present an annual prize of \$100.00 for the best medical paper presented to the Association on any subject in the field of cardiovascular diseases. Those eligible to compete for the award include all physicians in the State who have practiced medicine for five years or less. Georgia doctors on temporary military duty who meet the same qualifications are also eligible.

Papers must be submitted by June 1st if they are to be considered for this year's award. Presentation of the award will be made each year at the Annual Meeting of the Georgia Heart Association which is held in September.

This prize was established as a part of the Heart Association program to increase interest in the problems of cardiovascular diseases, to develop new knowledge and techniques toward their control, and to extend services available to heart patients. For these reasons the Heart Association, as established and contributes to the support of the Chair and Laboratories of Cardiovascular Research at the Medical College of Georgia and at the Emory School of Medicine. The thirteen Georgia Cardiac Clinics, which give free diagnosis and treatment to indigent heart patients from all parts of the State, are sponsored by the Georgia Heart Association and supported by its donor members who give their time to provide services.

One has to pay some attention to a woman's intuition or for that matter to anything else which is made up of faith, hope, and information.

Health Dept. Warns Septic Tank Owners

We have noticed that beginning about this time of the year and for the next few months many transient septic tank cleaning outfits are passing through our county. Some of these outfits try to obtain some business as they pass through. Beware of these transients as many of them charge exorbitant prices for cleaning out septic tanks.

A fair price for cleaning of an average home septic tank is \$25, and any price above this may be excessive.

The average home septic tank needs cleaning out every 5 to 10 years.

Your tank will need cleaning out when the free liquid depth is less than 5 of total depth of contents of the tank. This may be checked by removing a section of the top and pushing a long stick down to the bottom of the tank. From observing the stick when pulled out you can observe depth of free liquid.

If you think your tank may need cleaning contact your local health department and a representative will discuss your problem with you.

BETA SIGMA PHI MEETS

Mrs. Hal Macon, Jr., was hostess to the 31 Chapter of Beta Sigma Phi on Monday night at the home of Mrs. Rex Hodges. In the absence of the president, Mrs. Mark Tool, the vice-president, Mrs. Macon, presided over the business session of the meeting. Plans were formulated for a banquet to be held on Saturday morning, February 12, at the Model Laundry. An interesting program on "Color Harmony in Landscaping" was presented by Mrs. F. C. Parker, Jr. During the social hour, dainty sandwiches and coffee were served. Members attending were: Mrs. J. E. Bowen, Mrs. Bill Whitehead, Mrs. Luke Anderson, Mrs. Arnold Rose, Mrs. Howard Neal, Mrs. Jack Wynn, Mrs. Julia Hodges, Mrs. Parker, and Mrs. Macon.

WEEK END GUESTS

Miss Jane Brannen had as her guests Miss Valerie Vaccaro and Nancy Getman of Westminster School for Girls, Atlanta, spent the week end with Mrs. Brannen and her husband. Mrs. Brannen entertained about 40 guests at the Brannen home on Saturday night. Supper was served by Mrs. Brannen and after supper dancing, piano playing and singing were enjoyed. Mrs. Brannen, Jr., had his room mate John Lightfoot as his week end guest.

SPONSORS BAZAAR

The Xi Chapter of Beta Sigma Phi Sorority will have for sale a variety of home-made goods, candy and cookies on Saturday morning, February 12, at the Model Laundry. Mrs. Bill Whitehead, chairman, stated that the bazaar will continue at 3:00 a.m. and sales will continue until 12:00 o'clock. The public is invited, and the members feel sure this will be a treat for busy housewives in planning their week-end meals. Proceeds will go into the Sorority Treasury for use in one of their Civic Projects.

GOING AWAY PARTY

Miss Anne Preston entertained Saturday night from 7:30 to 11:30 with an informal going away party for Jerry Franklin who left Sunday for Washington, D. C. The guest list included friends from the eleventh and twelfth grades. Cold cuts, pickles, olives, potato chips, assorted crackers and Coca-Cola were served. Pool, ping-pong and dancing was enjoyed by all.

OUR HEALTH

BY DR. K. R. HERRING

POLIO

Two weeks ago I listed the three primary causes of polio. Last week I discussed the effective treatment of polio. Now we consider the preventive treatment of polio.

To prevent polio, heed this advice:

1. Practice apical hygiene. Periodic chiropractic spinal examinations are important for all ages, especially for children.
2. Don't jump to a lot of physical activity all at once in late spring and summer. Work up to it in order to avoid exhaustion and nervous fatigue.
3. Avoid the extremes of cold showers and hot baths after strenuous activity.
4. Maintain a balanced diet rich in proteins and vitamins. Don't stuff your body with lot of sweets and soda pop and food, particularly after strenuous exercise.
5. Break up the routine of hard work and play with an occasional rest during the day, particularly after meals.

Remember, an ounce of prevention is worth a pound of cure.

NEWS OF INTEREST TO FARMERS — SOIL CONSERVATION — FORESTRY — LIVESTOCK

Farm Bureau Activities

By Byron Dyer

One of the major needs of farm people is a good hospital insurance program. Allen R. Lanier, chairman of the Bulloch County Board of Commissioners and a secretary of the local hospitalization authority, stated to the West Side Farm Bureau Tuesday night.

Mr. Lanier outlined the progress the local system had made since 1938 and pointed out that it was not reaching enough people after considerable discussion on the Blue Cross Shield program by J. L. Critendon, field representative of the Blue Cross Plan, and Glen Lindsey, field service representative of the Georgia Farm Bureau.

Mr. Critendon enumerated the various phases of hospitalization, the fact that medical care could also be procured under the same plan. However, he stated that the program could not come within 10 miles of any other plan that is now in operation.

The Blue Cross Shield plan is designed to cover every phase of medical and medical care any member of the family might want. It is one of the best known plans available to groups and covers the entire country.

Mr. Lindsey stated that for a long number of years the Georgia Farm Bureau had felt the organization should provide more services for its members. A good, sound hospitalization plan in this field, Blue Cross Shield met this need and agreed to work with the Farm Bureau. It is now in operation in some 86 counties in Georgia in cooperation with the Farm Bureau.

Mr. Lanier stated that the local Board would be glad to meet with the Blue Cross representatives sometime and see if something could not be worked out to the advantage of both groups and thereby give the farm people in Bulloch County a wide service.

Henry S. Blitch, president of the West Side chapter, urged the cotton growers that did not intend to plant their allotments to turn the acreage back to ASC committee for redistribution. He pointed out that Bulloch County lost about 200 acres in allotments this year because the cotton was not planted in 1954 nor the allotments returned to ASC to be allocated to farmers that would grow it.

The group voted to hold the Bulloch county singing convention in the West Side school auditorium the first Sunday in April. Paul Nesmith asked the group to help make this a major event in the community.

Porter Farm Bureau voted not to hold their February meeting because the district basketball tournament was using their gym at that time. A. J. Woods, their president, stated that they changed the date did not work too well.

Rayford W. Williams, farm agent for the Sea Island Bank, asked the young people present that needed financing on their 4-H Club and FFA projects to come to the bank personally to talk with the officials. It would be well to bring one of their parents along, but the officials would like to also meet the young people involved, he stated. He pledged the bank's cooperation in putting the county agricultural program in operation for 1955.

Frank Farr, local accountant, discussed the various phases of social security that farm people are now under and the changes in the income program as it affects farmers.

Miles Frank Deal, county ASC administrative officer, asked those that are interested in the ACP program for this year to come by and sign up prior to February 11. He pointed out that deep wells for livestock and irrigation had been added to the program.

Mr. Deal stated that cotton, tobacco and peanut acreage could be pre-measured now if the growers wanted it. It will cost \$3.50 to get some one from the ASC office to come to the farm and 50 cents per acre to measure it. This might help to get the cotton acreage fully planted, he stated.

The emergency feed program is still available to those that need corn and hay, Mr. Deal pointed out. The FFA office approves these applications but ASC writes the purchase orders for the corn.

Georgia Tree Farmer Preston Stamps of Milledale proudly exhibits the new standard American Tree Farm sign, symbol of wise forest management. The sign, which is one of 100,000 Tree Farm signs issued in the state, was presented to him by the Georgia Farm Bureau.

Mr. Stamps, who has 1,218,138 acres of forest land, is one of the largest tree farmers in the state. He has 23 million acres of crop-producing land.

FORESTRY NEWS

By J. W. Roberts, County Forest Ranger

Telephone 4-2042

Due to the extreme dry weather conditions of the past year all of Bulloch County is in a "hot spot." By "hot spot," we mean the areas in which forest fire seem to occur most frequently.

"Special concentration," J. W. Roberts, Ranger of the local County Forestry Unit, declared, "will be made during 1955 on 'hot spot' areas. We plan, if necessary, to contact personally as many citizens as possible with the hope of working out an effective fire prevention plan for their respective regions."

The general causes of these fires, he added, already are known - carelessness, indifference, or a lack of realization on the part of some persons as to the dangers of fire in or near the woods. Special studies of forest fire causes in these areas are expected to be made during the year.

The Ranger also reported special forestry movies and demonstrations can be scheduled for areas in Bulloch County where citizens desire a reduction of high forest fire incidence.

High blood pressure, hardening of the arteries and the arteriosclerosis are responsible for about 90% of all heart deaths. Medical science, supported by the Georgia Heart Foundation, is seeking to discover the basic causes of these disorders.

Mr. Deal stated that cotton, tobacco and peanut acreage could be pre-measured now if the growers wanted it. It will cost \$3.50 to get some one from the ASC office to come to the farm and 50 cents per acre to measure it. This might help to get the cotton acreage fully planted, he stated.

The emergency feed program is still available to those that need corn and hay, Mr. Deal pointed out. The FFA office approves these applications but ASC writes the purchase orders for the corn.

Soil and Water Conservation News

By E. T. "RED" MULLIS, Soil Conservation Service

R. P. Mihal, a cooperator of the Ogeechee River Soil Conservation District, is doing a fine job of terrace maintenance on his farm east of Statesboro on U. S. 80. He is using approved methods of re-erecting terraces in conjunction with land breaking, which rebuilds terraces, cleans out water channel, and breaks land without any loss of time.

Mr. J. D. Lanier of Portia is continuing a big job this year which he began last year - terracing all his land, which is no little job. It is even more difficult when old terraces have to be torn down first. Our hats off to their real determination.

Mr. J. H. Woods, also in the Portia section, is building terraces on his farm.

Mr. Miles Moody is beginning construction of a pond on his farm in the Statesboro Community.

All the above farmers are co-operating with the Ogeechee River Soil Conservation District, and getting technical assistance from the Soil Conservation Service.

TOO BAD

An eight year old boy proudly took home the masterpiece he had produced that afternoon in the art class at school—a sting in raspberry pink, with one blue antler, he was told by his rather fussy aunt, "but people just don't see the first it attempted in this field. Blue Cross Shield met this need and agreed to work with the Farm Bureau. It is now in operation in some 86 counties in Georgia in cooperation with the Farm Bureau."

STOMACH PARASITES

Stomach Parasites

Veterinarians say prevention, not treatment is proper approach to blood-sucking parasites—only 10 of which per cow can cost farmers \$2 per head per year in the cost of blood loss alone.

Symptoms: anemia, scour, loss of appetite, emaciation, staggering. Recommended prophylaxis: mineral mixture in self-feeders consisting of three parts each of ground limestone, bone meal and salt and one part of phenothiazine by weight.

"All or teams except two teams: Buck and Ben and Tom and Jerry, 2 milch cows; 1 gray mare and colt; 1 pair of oxen and yoke; 1 baby yoke; 2 ox carts, 1 iron plow with mule mold board; 800 feet of poplar weather boards; 1000 three-foot clap-boards; 1500 10-foot fence rails; 1 60 gallon soap kettle.

"Eighty-five sugar troughs made of white ash timber; 10 gallons of maple syrup; 2 spinning wheels; 30 pounds of mutton tallow; 20 pounds of beef tallow; 300 poles; one large lumber by Jerry Wolf; 100 split hoops; 100 empty barrels; one 32-gallon barrel of Johnson-Miller whiskey; 7 years old.

"Twenty gallons of apple brandy; one 40-gallon copper still; 4 sides of oak-knuckled leather; 1 dozen red hooks; 10 empty barrels; 4 scythes and cradles; 1 dozen wooden pitchforks.

"One half interest in tan yard; 1 32-caliber rifle; bulk of gun powder horn and rifle made by Ben Miller; 50 gallons soft soap; hams, bacon and lard; 40 gallons of sorghum molasses and six boxes of fox hounds, all soft-mouthed except one.

"Terms of Sale—Cash in hand or note to draw 4 per cent interest with Ben McConnell as security.

"My home is two miles south of Versailles, Kentucky on McDonald's Ferry Pike. Sale will begin at 8 a.m. Plenty of drinks and eats."

Ox Yokes, Tallow On 1849 Sale B'll

A public auction bill, advertising a sale in March, 1849, held near Versailles, Ky., as printed at that time, is reproduced in a newspaper clipping preserved by Mrs. Don Fleming. The sale bill lists many items not in use or service today. Among the so-called chattels of that day are six slaves held by the owner giving the sale, which is advertised under his name J. L. Moss.

The probable stated that he had sold his farm, was leaving for Oregon Territory by ox team and that "all of my personal property will be offered for sale." The listing is:

"At this time, I will sell my six Negro slaves—2 men, 35 and 50 years old; 2 boys, 12 and 14 years old; and two mules, weaners, 40 and 30 years old. Will sell all together, as will not separate them.

A Look At Statesboro Through Eyes of Youth

The young people of Statesboro took a good look at their citizenship hometown last week and they liked what they saw. Three weeks' preparation had gone into the program for Civic Youth Day last Thursday when Youth Mayor Earl Edfield and his youth officials "governed" the city for a day.

STATESBORO CITY LIMIT

CONGRATULATION YOUTH MAYOR & COUNCIL Citizenship Experience Respons

Sponsored by the Statesboro high school H.S. and Tri-Hi-Y clubs, Civic Youth Day climaxed several weeks of activity at high school as the students learned citizenship requirements first-hand through registration, qualification of candidates campaigning and voting for their own youth mayor and youth city council.

The process parallels closely that of the city code, giving the elected officials and their appointees the opportunity to meet in called session with Mayor Bowen and the city council.

A two hour session at the city hall brought to light many of the

problems of city government and some of the far-sighted planning being undertaken by the Statesboro city administration.

Youth Mayor Edfield presented his nine-plank platform upon which he and his council had campaigned. This was followed by a thorough study of city finances.

The Mayor's Reception was held at the high school gymnasium last night, followed by the organization dinner at the San-Jette on Wednesday evening. The annual Civic Youth Day luncheon for adult and youth officials was held at Mrs. Bryant's kitchen on Thursday.

Statewide sales were \$304,721, 619 during October, a drop of more than 4% from September. The monthly sales report is prepared by the State Chamber of Commerce, based on sales tax records of the State Department of Revenue.

Walter Cates, executive vice-president of the State Chamber predicted that retail sales for 1954, when complete, will exceed those of the year 1953.

The executive board of the State Lively School PTA met last Monday evening, January 31, at the school. Reports stated several projects of the PTA are nearing completion. W. H. Smith, Jr. presided at the meeting. He announced the program for the PTA meeting to be held at the school Tuesday evening, February 8th will be held by children from the Mattie Lively School under the direction of Mrs. Carmen Morley. He further stated the length of the future meetings would be controlled so parents and children would be out in excellent time and hoped that the parents would cooperate by having a larger attendance.

The Youth Mayor's parents, Mr. and Mrs. Max Edfield, got a big hand at the Mayor's Reception in the high school gymnasium last Tuesday evening. Mayor Bowen made the introductions.

G. T. C. Students Read Many Books

Georgia Teachers College students read - or at least checked out of the library - an average of about six books during last quarter, according to a report from the college library.

Records, released by Miss Hassie McElvyn, librarian, show that 3,762 books were checked out by students during the 10-week period. The students also made use of an additional 1,165 volumes on the reserve shelves.

Most research apparently was done in social sciences. There were 1,025 checkouts in this field last quarter. The most popular reading month was a November when 1,322 books were checked out.

During the same period faculty and staff members had checked out 881 volumes.

The Olney Home Demonstration Club held their January meeting at the home of Mrs. Alton Bell.

The meeting was called to order by the president, Mrs. Leon Mison.

The devotions were given by Mrs. B. E. Turner and led the group in the Lord's Prayer.

The members voted to give \$10 to the church. Mrs. Whitehead announced the club's next meeting will be at a Swainsboro on February 8th.

NEW POLICY FOR FILING RETURNS

Internal Revenue Agents To "Help Taxpayers To Help Themselves"

The local Internal Revenue Service has announced a new policy in making out income tax returns for taxpayers this year.

Charles E. Holler, administrative supervisor of the local office, stated that agents will act as advisors this year and "help the taxpayer to help himself." The taxpayer will be assisted and guided in making out his return. Mr. Holler explained, to the point of figuring taxable income. Then the revenue agent will take over, he added.

Mr. C. W. Covart reported that the Farm Bureau spent \$1,391.81 for donations to livestock shows, prizes in contest on corn, cotton, and peanuts, expenses for delegations to the state fair, and other expenses.
